Subject:- Control over the Supply of Electrical Energy.

Sir,

With reference to your Circular No. A.826 of 15-6-1942 and subsequent Circular No. 1932/36-EL of 16-7-1942, we beg to report as under :-

One Rudhasing Laxamansing (our consumer) who has a hotel in New Bazar Bijapur desires to shift his hotel to his own building situated at the corner of the Jinnah Road. This building was bought over by him some months back. The building when bought over was fitted with electric lights and we had also given connection. In order to make some alterations in the building the fitting was removed. Mr. Rudhasing Laxamansing has

has now applied us to refix the removed electric fitting and to relay our service line.

As no additional electric equipment will be made use of by the consumer we raquest you to permit us to refix the electric lights and to relay our service wire at the place where our consumer Mr. Ridhasing Laxmansing desires to shift.

Soliciting the favour of an early compliance,

We beg to remain,

Sir,

Yours faithfully,

MANAGER.

Dear Sirs,

With ref. to your letter No.G.357, d/- 7th Oct. 1943 and subsequent telegram, dated the 18th Oct. 1943, the enclosed application is retd. to you for resubmission after attending to the following instructions:-

(a) The application should be exactly in the form prescribed in G.L.No.1932/36-El, d/- 24th Sep. 1943.

(b) The information in respect of item 5 of the application form is to be given in respect of the consumer's load and should be carefully filled in. Information in respect..

(your application under ref. is made in the form which is typed without proper care & omits some headings from the prescribed form).

S.59/55/24991. 26-27

respect of connected load and maximum demand should be given in respective columns. In many cases the maximum demand may be less than the load to be -- connected.

24 Since there is no existing service for the premises refd. to in your application under ref.-vide your reply under the heading 'capacity of existing service, if any' under item 6 thereof the application is obviously for a new supply. The entries made in respect of 'notified connected load in K.W.' and 'maximum demand in K.W.' as on 31-1-43 under item 5 of the application are not accordingly understood.

ISSUED 26/10/43

(c) If the supply is reqd. temporarily, information reg. the exact period for which it is reqd. and whether the material used is recoverable ~~recovered~~ at the end of the period should invariably be given.

24 22/10/43

Office of the
Land Development Officer
B.C., Bijapur.

D.O.No.B.C. 1609 of 1944.
Bijapur, 19th March, 1944.

Dear Phillips,

I moved into the Assistant Collector's bungalow, Bijapur on the 1st January 1944 from a double storied private bungalow and immediately applied for temporary electric fittings to this Government bungalow. I was instructed to put in the requisition through the local Electric Co. and did so, but I am sorry to find that my request was refused by you. The fact is that your decision could not have been otherwise on the data presented to you by the Electric Co. which showed no reasons for urgency or essentiality for the fittings in their tabulated statement to you and I am now wondering whether you would be prepared to reconsider your decision on the following grounds:-

(a) The bungalow I gave up had at least 40 points and, now that it has been handed over to my office, thus 40 points have been saved.
(b) As against those 40 points I gave up there I have asked for only 27 or so points in this bungalow.
(c) Thus there should be a saving on the electric current of about 20 points even after granting me my electric fittings here. I believe that my case is due for favourable consideration on this ground alone.
(d) I have very heavy office work taking me deep into the night and without electric fittings the strain from kerosene lamps is proving too heavy. The efficiency of my work must therefore suffer.
(e) In the present bungalow owing to pressure of work and other reasons at least 16 gallons of kerosene oil are required p.a. Now-a-days with electricity available and with the Company in possession of all fittings necessary for the bungalow, it appears unfair to the public that a Government Officer, with a bungalow situated in a position for all to see, to have his bungalow lit up [illegible] when the public is being drastically rationed.

and (1) there is really no suitable place in Bijapur for any visitor to put up at. Our works are being heavily visited and in consequence, I have allocated ½ of my bungalow fully furnished for visitors. This may not be a very strong reason for the grant of electricity but this month alone I have had the following visitors here:-

1) Two officers deputed by the Madras Government for study for 15 days, one was a very senior Agricultural Officer who had served on the Royal Commission on Agriculture and the other was a senior Executive Engineer of the Madras P.W.D.,
2) following them the members of the Provincial Rural Development Board came here from the 8th to the 10th,
3) then Adviser (Finance) Mr.H.F.Knight, C.S.I., C.I.E.,I.C.S.,was due in time between the 14th and 20th but has postponed his visit to a later date,
4) I have had the Forestry Instructor with his students here these last two days,
5) Dr.B.S.Kadam, Dy.Director of Agriculture (Crop Research) was due here on the 16th and 17th,
and6) now General Hutton is due here between the 28th and 30th of this month.

I know there are many other visitors pending. I only quote these to you to show how heavy the demand for adequate lighting is in my bungalow and I hope you will permit me to resubmit my indent for electricity and sanction the grant as soon as possible.

This year alone, in 1944-45, i.e. in about a 6 month time of active work, I have to control works totalling Rs57,00,000. I cannot even get suitable lamps in the market today, but I can get suitable lighting from electricity. I will tour by car more than 3000 miles monthly & the use of kerosene lamps will prove too great [illegible]

Our kind regards to Mrs.Phillips and children,

Yours sincerely,

J.H.Phillips, Esq., O.B.E.(Mil.), Deputy Secretary to Government, P.W.D., P.W.D.Secretariat, Bombay.

The following d.o. reply to Mr. Sansman may be issued and then the policies shld. be further dealt with in the Fl. Br. —

Dear

Thank you for your demi-official letter No. S.C. 1609, dated 19.3.44, regarding electrical connections to the Assistant Collector's bungalow at Bijapur which I have passed on to Pandit

who

who is the Dy. Secy. dealing with electrical matters.

41 Bombay 24th March

Dear Mr. Sansoman

With ref. to your D.O. Letter No. 1609 of 19th March 1944 addressed to Mr. Phillips, I am very sorry to have to inform you that in view of the serious shortage of electrical material the Govt. has been rigidly following the policy of refusing new connections to Residential quarters involving use of electrical materials. Unfortunately your application is therefore impossible to consider and it is not possible to make any exception.

Yours sincerely

This case is to be ~~reopened~~ reviewed in accordance with the decision taken on the file dealing with the policy in regard to supply of electricity to persons engaged on works directly contributing to the war effort or on important administrative work, which necessitates the residence of the person in the place concerned. The draft d.o. may issue, if approved.

11/2/45

11.II.45

D.O.No.S.59/55-El. P. W. D.

B.C., 9 Feb.1945.

Reference my d.o. No.559/55/3641-El, dated the 24th March 1944 regarding the supply of electricity to your residence.

2. The rigid policy of refusing supply of electrical energy for residential qrs. has now been relaxed by Govt. in the case of persons engaged on work directly contributing to the War effort or on impt. administrative work, which necessitates the residence of the person in the place concerned and supply will be permitted in cases where definite hardship is really involved.

3. Instructions have been issued in this connection to the Supply Coys. to submit applns. of such persons, accompanied by full details reg. the work on which they are engaged and the necessity of electrical supply, thro:the Collrs. of Dists. concerned, who will transmit each appln, with their remarks, to Govt.for final disposal. You are therefore advised to

renew -----

455

renew your appln. for essential requirements to Messrs. The Bijapur Electric Supply Coy.Ltd., who will submit it to Govt. for its orders thro: the Collr. of Bijapur.

Yours Sincerely

2|- Permission is required to connect an additional load of 1-0 kW. by the Land Improvement Officer, Bijapur, in the Hostel for students studying in the Bending Training College, Bijapur. It will be seen from the remarks against item 5 (e) of the linked application that this College is engaged in training men for Land Improvement Works which are closely connected with the war effort under "Grow More Food Campaign". The Co. has not given the figure of the maximum demand against item 5(c) of the application. Presumably it is the same as the connected load. The figure of the maximum demand shown against 5 (b) of the application is also not correct. Presumably this

Bunding Training, College Hostels & Land Improvements Officer.

this is shown through oversight against item 5(b) of the application instead of showing the same against item 5(a) of the application. The Co. requires el. material worth Rs. 100/- in giving the supply.

3/- Since the supply, in question, is required by the Land Improvement Officer for a Govt. work, the application may be sanctioned.

4/- The necessary entry* has been made in the application and its duplicate copy. After the Deputy Secretary has signed, the application will be returned to the Co and the duplicate copy forwarded to the El. Engineer to Govt.

* Sanctioned for an additional connected load of 1.0 KW. with like amount of add'l. maximum demand.
